Value Proposition - Vü creates communication tools to bridge the gap between those who can and cannot hear

Elevator Pitch - Our communications tools help the Deaf and Hard of Hearing (DHH) live, learn and work independently

Management Team

- Alexandra Cartier & Gary England - Founders
- Mike Buckley & Gloria Matthews - Advisors

# **Our Company**

**experience, commitment & passion**

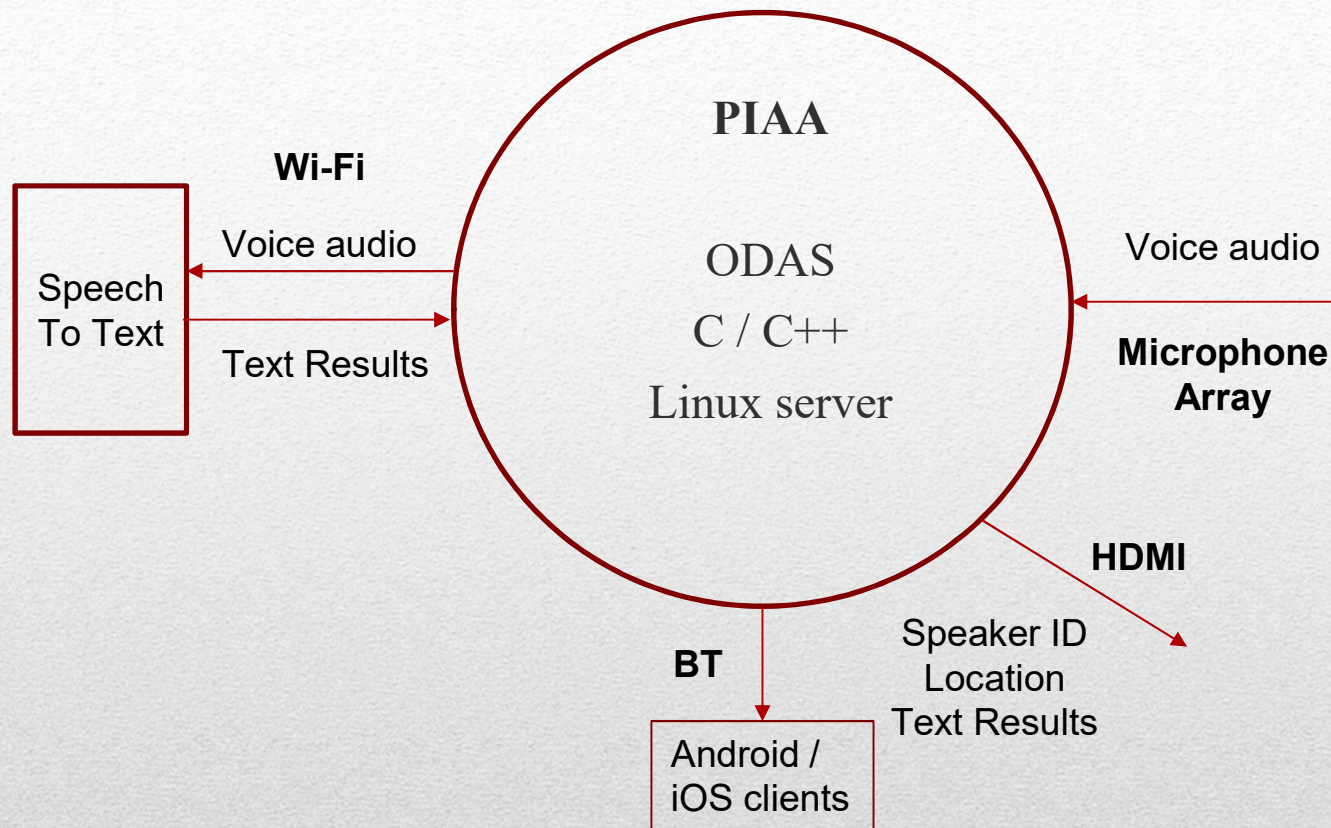

---

- Our products enable the DHH to actively engage in and follow group discussions in the community, classroom and workplace
- Our portable desktop unit and smart glasses provide real-time speech captioning and audio situational awareness
- Our mobile devices provide the DHH independence to communicate with others wherever they are.
