

A/B	100	I liked the "fashion" component, and the spending curve
C	99	Nice narrative in the summary, a spending curve would have been nice
D	97	You probably could have rounded up the \$.73, summary very sparse
E	98	"Hours" as a measure of calendar time is somewhat impractical, spending curve would be a good idea
F	99	Good. Spending curve would have been a nice touch.
G	99	Good. Spending curve would have been a nice touch.
H	100	Resource chart was a great idea.
I	100	Wonderful report
Z1	0	
Z2	0	

Note about grading: 97 was a "perfect score". Up to 3 pts. were added for any enhancements to the basic numbers. Enhancements include narrative, resource charts, spending curves, or any other initiative.
