

# Center of Handicapped Children

## Objective

The proposed system provides services to The Center of Handicapped Children (CHC). One of the core objectives of this project is to provide an interactive application which handles all aspects of CHC. Our team will be working on making this website simple and user friendly to encourage increased interaction between parents and the faculty members.

## Features

1. Personalized information system
  - This feature provides the parents with the student's schedule.
  - Parents and/or interested parties can track the progress of the student.
2. Programs
  - Information on all academic and non academic activities offered by the center
3. NEWS
  - Blog
